I would rather "waste" a hundred catalogs

of this rather costly catalog,
than slight a single collector

For that reason, I am sending out nearly Two Thousand copies (2,000) of this fine catalog—the largest number of Sale catalogs distributed by any other Numismatic Firm anywhere in the world.

Several hundred of these catalogs go to new collectors. If you are one of the "new ones" or an "old collector" receiving my catalog for the first time, it is sent you to show you the QUALITY of the Sales I hold and the fine and interesting catalogs I issue, and of course to invite your business.

I'll gladly send you ALL of my catalogs I issue,
provided you want them.

And the only way I can know whether or not you want to receive these fine catalogs is *by your telling me so.*

A good way to "tell me" is by sending some bids or an order for the Price List of THIS important sale.

And *right now* is a good time to do it. And I assure you that you'll be glad that you did.

It is to YOUR ADVANTAGE to Mail Your Bids Early!

To Avoid Misunderstanding Please Read These Terms of Sale Before Bidding

Positively no change from these terms made for anyone.

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, the first received gets the lot. When two or more unlimited bids on a certain lot are received, the first one received gets the lot at an advance of 5% over the highest bid.

When I receive your bids, I consider myself as your agent and buy the lot for you as much under your bids as the next highest bid will permit. I simply execute your bids for you as faithfully as if you had yourself been present at the sale.

I CHARGE NO COMMISSION FOR EXECUTING BIDS

Lots are sold as catalogued. No lot is broken under any circumstances. Bid by number of lot and at SO MUCH PER PIECE. If there are ten pieces in a lot and you want to offer \$1.00 for the lot, make your bid 10c.

I guarantee all coins and notes to be genuine unless otherwise stated in catalog. This guarantee holds good indefinitely. And my guarantee means something to you. Remember that there are thirty years of proven successful numismatic experience and ample financial responsibility back of this guarantee.

NOTICE TO NEW BIDDERS

Buying coins at auction sales is not the same as receiving coins on approval. The coins are bought for you on your order and you are of course expected to accept and pay promptly for them. Auction purchases are strictly net cash. Be careful in making your bids. Be sure that you bid for the lot you desire and at so much PER PIECE.

TERMS: The terms of auction sales are strictly cash. Parties unknown to me or those who have had no previous credit established, must send a deposit of at least 25% of their bids, **otherwise they will not be accepted**, as I cannot be expected to ship goods to parties whose good standing is not known to me.

Remittance should be made promptly in any way most convenient to yourself.

A neatly printed list of prices of this sale, showing amounts realized for each lot, will be sent for only 50c, CASH WITH ORDER. This is surely the cheapest and best method to keep posted on the prevailing values of coins.

PLEASE SEND IN YOUR BIDS EARLY. All bids must be in on or before Tuesday, May 9th, 1933.

If you have any coins that you want to sell either at auction or private sale, write me for terms.

"COINS BY RADIO"

Being aware of changing conditions and although I spent over \$50,000.00 this season for magazine and newspaper advertising, I am now entering the radio field.

Since January 8th, when my first broadcast appeared over WMAQ, Chicago, and which proved very successful, have had numismatic programs on the air on no less than fifty stations, including all of the larger broadcasting stations in the country.

Radio advertising is of such a nature that besides these broadcasts proving of value to my own business, it is proving of inestimable value in increased interest in numismatics in general; creating numerous new collectors, thereby increasing the value of every collection as well as creating business for all numismatic dealers.

And, incidentally, of course, this is one of the *many reasons* why my sales are so successful, and why I can afford to pay more for your coins: I have the recognized largest distribution as well as the largest source of supply.

Write me now if I can be of any numismatic service to you.

B. MAX MEHL.

From the Will of
Edmond de Goncourt

(Translated)

My wish is that my Drawings, my Prints, my Curiosities, my Books—in a word, these things of art which have been the joy of my life—shall not be consigned to the cold tomb of a museum, and subjected to the stupid glance of the careless passer-by; but I require that they shall all be dispersed under the hammer of the Auctioneer, so that the pleasure which the acquiring of each one of them has given me shall be given again, in each case, to some inheritor of my own tastes.

When you decide to sell your collection at auction, or for immediate spot cash, let me tell you and *show* you how and why I can serve you to your entire satisfaction and profit.

B. MAX MEHL.
